## VISION AND MISSION OF INSTITUTION

### **Vision:**

### **Mission:**

- M1.** Effectively imparting knowledge and inculcating innovative thinking.
- M2.** Facilitating skill enhancement through add on courses and hands on training.
- M3.** Doing original, socially relevant, high-quality research.
- M4.** Instilling the spirit of integrity, equity, professional ethics and social harmony.

## **VISION AND MISSION OF NATIONAL SERVICE SCHEME**

### **Vision:**

To build the youth with the mind and spirit to serve the society and work for the social uplift of the down-trodden masses of our nation as a movement.

### **Mission:**

The National Service Scheme has been functioning with the motto “NOT ME BUT YOU” in view of making the youth inspired in service of the people and hence NSS Aims Education through Community Service and Community Service through Education.

## **INTRODUCTION NSS PROGRAMMES AND ACTIVITIES**

The National Service Scheme was started to establish a meaningful linkage between the campus and the community. Mahatma Gandhi, the Father of the Nation, had recognized that the country could not progress in a desired direction until the student youth were motivated to work for the upliftment of the villages/community. For Gandhiji the villages, where majority of the population lived, represent the country i.e. India. Therefore, for the national reconstruction and national resurgence it was deemed fit that the students and teachers should be properly sensitized and utilized for strengthening the Indian society as a whole with particular emphasis on rural community. Therefore, student youth, teachers and the community are considered the three basic components of the National Service Scheme.

### **SYMBOL OF NSS**

The symbol for the NSS has been based on the giant Rath Wheel of the world-famous Konark Sun Temple (The Black Pagoda) situated in Odisha, India. The wheel portrays the cycle of creation, preservation and release. It signifies the movement in life across time and space, the symbol thus stands for continuity as well as change and implies the continuous striving of NSS for social change. The eight bars in the wheel represents 24 hours of a day. The red colour indicates that the volunteer is full of young blood that is lively, active, energetic and full of high spirit. The navy blue colour indicates the cosmos of which the NSS is tiny part, ready to contribute its share for the welfare of the mankind. It stands for continuity as well as change and implies the continuous striving of NSS for social transformation and uplift.

## **OBJECTIVES OF NSS**

- ☞ Understand the community in which they work.
- ☞ Understand themselves in relation to their community.
- ☞ Identify the needs and problems of the community and involve them in problem solving process.
- ☞ Develop among themselves a sense of social and civic responsibility.
- ☞ Utilize their knowledge in finding practical solution to individual and community problems.
- ☞ Develop competence required for group living and sharing of responsibilities.
- ☞ Gain skills in mobilizing community participation.
- ☞ Acquire leadership qualities and democratic attitude.
- ☞ Develop capacity to meet emergencies and natural disasters
- ☞ Practice National integration and social harmony.

## **AIMS OF NSS PROGRAMMES/ACTIVITIES**

The operational aim of NSS is to integrate the three basic components of the programme. NSS programme should provide a variety of learning experiences which must develop a sense of participation, service, and achievement among the volunteers. The activities should aim at the following: -

- i. Making education more relevant to the present situation to meet the felt needs of the community and supplement the education of the university/college students by bringing them face to face with the rural situation;

- ii. Providing opportunities to the students to play their role in planning and executing development projects which would not only help in creating durable community assets in rural areas and urban slums but also results in the improvement of quality of life of the economically and socially weaker sections of the community;
- iii. Encouraging students and non-students to work together along with the adults in rural areas; (iv) Developing qualities of leadership by discovering the latent potential among the campers, both students as well as local youth (Rural and Urban), with a view to involve them more intimately in the development programme and also to ensure proper maintenance of the assets created during the camps;
- iv. Emphasizing dignity of labour and self-help and the need for combining physical work with intellectual pursuits;
- v. Encouraging youth to participate enthusiastically in the process of national development and promote national integration, through corporate living and cooperative action. While undertaking these activities, each NSS unit should envisage its programmes/activities aimed at instilling discipline, building character, promotion of physical fitness and development of culture.

#### **CLASSIFICATION OF NSS PROGRAMME**

- i. Regular NSS Activity: Under this, students undertake various programmes in the adopted villages, college/school campuses and urban slums during weekends or after college hours;
- ii. Special Camping Programme: Under this, camps of 10 days duration are organised in adopted villages or urban slums during vacations with some specific projects by involving local communities. 50% NSS volunteers are expected to participate in these camps.

The English literacy program for school students aims to enhance reading and writing skills, laying a strong foundation for academic success. By incorporating engaging activities such as storytelling, group discussions, and interactive games, the program fosters a love for language and literature. Trained educators provide personalized support, helping students overcome challenges and build confidence. Regular assessments track progress, ensuring each child receives the attention they need to thrive. Ultimately, this initiative not only improves literacy but also empowers students to communicate effectively in an increasingly globalized world. More than 150 students were participated.
