DEPARTMENT OF MECHANICAL ENGINEERING

The Department of **Mechanical Engineering** is equipped with the best of resources to enrich the ancestry of the department ensuring high quality education to the students. The intense professional will of the faculty is the root for the sustained excellence of the department. The state-of-the-art laboratories, the well-balanced curriculum and the faculty with iron-resolve, address the cognitive capacities as well as practical hands-on workshop experience of students in fulfilling the ever more pressing needs of the industry.

- **B.E.** – Mechanical Engineering
- **M.E.** – Computer Integrated Manufacturing

M.1.2. NEST NDT SERVICES

NNS institutions often offer training programs and certification courses in various NDT methods such as ultrasonic testing, radiographic testing, magnetic particle testing, liquid penetrant testing, eddy current testing, etc. These courses are designed to educate professionals in the proper techniques and methodologies of NDT to ensure accurate and reliable testing results.

REGISTRAR
VELS INSTITUTE OF SCIENCE, TECHNOLOGY
& ADVANCED STUDIES (VISTAS)
Vels Nagar, P.V. Vaithiyalingam Road,
Pallavaram, Chennai-600 117.

NNS institutions engage in research and development activities to advance the field of non-destructive testing. This could involve developing new testing methodologies, improving existing techniques, or exploring innovative technologies to enhance the efficiency, accuracy, and safety of NDT processes.

NNS institutions often play a role in establishing industry standards and guidelines for NDT practices. They may collaborate with relevant regulatory bodies, industry organizations, and standards committees to develop and maintain standards that ensure the quality and reliability of NDT inspections.

NNS institutions may offer consulting services to industries that require NDT testing. This could involve advising companies on the selection of appropriate NDT methods for specific applications, assisting with the implementation of NDT programs, or providing expertise on complex inspection projects.

NNS institutions often provide opportunities for professionals to engage in continuing education and professional development activities. This could include workshops, seminars, conferences, and online courses designed to keep practitioners up-to-date with the latest advancements and best practices in the field of NDT.

NEST NDT Services Offer following Courses

1. NDT Courses
2. Drone Inspection

NNS institutions serve as hubs for collaboration and networking among professionals, researchers, educators, and industry stakeholders in the field of non-destructive testing. They may organize conferences, symposiums, and other events where individuals can exchange ideas, share research findings, and establish valuable connections within the NDT community.

M.2. Common Interests and agreement

NEST NDT Services and **VISTAS**, after having assessed their strengths, merits and objectives have agreed that they could cooperate and share the expertise and facilities available with both. It is felt that a MOU can be drawn and entered into.

Tamilnadu Advanced Technical Training Institute (TATTI) is a prominent skill development training institute established in the year 1985 in Chennai. The training programs we provide are designed to equip individuals with practical, industry-specific skills. TATTI's operations encompass a wide range of technical disciplines, including but not limited to engineering, information technology, healthcare, and vocational trades.

We collaborate closely with industry experts and professionals to design and deliver cutting-edge training modules. These programs are tailored to meet the evolving demands of various sectors, ensuring that graduates are well-prepared for the workforce. We place a strong emphasis on hands-on training, simulations, and real-world projects to enhance the practical skills of its participants. We play a pivotal role in bridging the gap between academic education and industry requirements, ultimately enhancing the employability of its graduates. We offer various programs on **Management courses, Information Technology courses, Technical Courses, Renewable energy, Media courses etc.** We offer a structured program called the Global Internship Program, where participants work in a foreign country or for a multinational company. Our programs often focus on skill development, fostering traits like communication, teamwork, problem-solving, and adaptability.

Vels Institute of Science, Technology & Advanced Studies (VISTAS) was established in 2008 with the aim of transforming an individual into a complete man with character and ability committed to national service and development.

VISTAS has been declared as a Deemed to be University by the MHRD, Government of India and UGC in the year 2008.
