

## PUBLICATION INPUT

### TO WHOMSOEVER IT MAY CONCERN

The publication detail provided by the Infilbnet for the Scopus, Web of Sciences and PubMed are found to be correct. However, for the UGC-CARE journal publication detail Infilbnet has provided the remark as “*UGC- CARE spreadsheet not in prescribed format*” and the publication detail is given as “0” because of which the metrics 3.4. 6 and 3.4.7 are getting affected.

Here we want to record that **3089** research paper publication done in UGC CARE listed Journal for the past five assessment years (2019-2023) towards the metrics number 3.4.6 and the same has been submitted by the HEI in the SSR.

Similarly, as the Infilbnet is not able to fetch the data from the UGC CARE towards the metrics 3.4.7, which focuses on Book publication, Book Chapters publication and Conference Proceedings and for the same the total number of publications submitted by the HEI in SSR is **1794** for the past five assessment years (2019-2023).

The detail pertaining towards the metrics 3.4.6 and 3.4.7 are given below for your kind consideration.
